September 5, 2019

Owner/Occupants of Gateway South Centre,

Re: Horizontal Drain Cleaning-Parkade Access

Below are the dates and corresponding parking stalls that will need to be clear of any vehicles, so that we can perform the annual main horizontal drain cleaning services as part of the Preventative Maintenance Agreement.

Please note, if vehicles are not moved during their day, the drain lines in that area will not be cleaned, an additional fee will be charged to come back and re-schedule for cleaning above the maintenance agreement.

Day ONE September 9th Between 9am-6pm

All underground Visitors parking stalls

Motorcycle Parking Stalls #1&2

Parking Stalls: 1 through to 8,

30 through to 43, and

150 through to 166

Day TWO September 11th Between 9am-6pm

Parking Stalls:

103A through to 119,

120 through to 149

202 through to 227

Day THREE September 12th Between 9am-6pm

P1 & P2 center driveway drains – please make residents aware that we will be working in the main driving lane, and to be very cautious when turning corners, and to be patient with us, as we will move our equipment out of the way when they drive past.

Ramp Drains when entering and exiting parkade doors.

Sump Pump pits
