FIRE INSPECTION 2017

The Fire Inspection for this year will take place:

Tuesday, July 17th through Friday, July 21st 2017
Between the hours of 8:00am and 4:30pm

Unit Access should be arranged by having someone being present in the Unit, leaving a key with a neighbour or dropping a key off to the onsite manager for your floor's specific date.

Tuesday July 18th - 6th and 5th floor
Wednesday July 19th - 4th and 3rd floor
Thursday July 20th - 2nd and 1st floor
Friday July 21st - Common area testing

Due to the high volume of suites, we are unable to switch days for individuals that are unable to make special arrangements for their unit's specific day. There will be no acceptations.

If residents do not provide access during these dates and times, we will be forced to reschedule the missed Units.

All additional costs will be billed back to those Units accordingly.

Please note that bells will be ringing intermittently during these hours.

Thank you in advance for your cooperation.
