## FULL BUILDING WATER SHUT OFF & Notice for Specific Unit Access

**TUESDAY September 10, 2019**  
**FROM 8:00AM UNTIL 5:00PM**

CAON will have Technicians on site Tuesday September 10<sup>th</sup> for a full building shutdown.

During this shutdown we will be conducting the following action items:

1. Test the 3-building zone water shut offs valves.
  - a. To confirm Full Building Shutdowns would no longer be required for area specific plumbing repairs.
2. Replace the hot/cold riser valves for 103 and 307 risers.
  - a. To further limit the number of Units affected- for plumbing related repairs.
  - b. There are over 100+ of these riser valves; and the goal is to get ALL properly functioning
3. Replace Unit isolation valves for Units:

2103	1707
3103	2707
4103	3707
	4707

Units listed need to be home this day or drop a key off or smart lock code to the site office **starting Tuesday Sept. 3<sup>rd</sup>** during normal Office hours BUT, **no later than Monday Sept. 9<sup>th</sup> at 3:00pm.**

This is a formal notice for Unit access, so if you fail to take the noted action; a locksmith will be dispatched to gain trade access as a chargeback cost to you.

Everyone has been super cooperative with these needs this year, and we continue to appreciate your assistance.

**You will receive this notice via email also and if you don't, please advise the office.**

Thank you for your cooperation.
